

Canship Ugland Ltd

We are a Ship Management and crewing company operating and managing a modern fleet of shuttle tankers, tugs and a bulk carrier. In addition, we provide crew management services to other vessel owners. We offer opportunities for advancement, excellent compensation and pension plans, full benefits and a day for day leave system.

We are now accepting applications for the following position:

Chief Engineer - Tugs

Duties: Reporting to the Master you will be responsible for the smooth, professional operation and maintenance of all on board machinery and equipment. You will be involved with planning and management of operation budgets.

Qualifications: Applicants for this position should hold Certificate of Competency as a Second Class Marine Engineer. Previous experience working with a PM System, knowledge of or experience with Voith-Schneider System and Fi-Fi Firefighting System would be a definite asset. Preference may be given to applicants with tug experience and ISM/ISO quality systems.

Salary: As per Collective Bargaining Agreement.

Deadline: Applications should be received no later than **August 31, 2010**.

Apply in writing only to:
